Section VI. Criteria and Procedures for Annual Evaluation of Departmental Faculty

A. Weighting

The formula for evaluating Bargaining Unit Faculty is based on the rating for teaching, scholarship, and service. An Unsatisfactory rating is awarded a score of ‘0’; an Adequate rating is awarded a score of ‘1’; a Meritorious rating is awarded a score of ‘2’; an Outstanding rating is awarded a score of ‘3’; and an Extraordinary rating is awarded a score of ‘4.’ These scores are then weighted, normally as follows:

Teaching 30% - 50% of your evaluation is for teaching
Scholarship 30% - 50% of your evaluation is for scholarship

Service 10% - 30% of your evaluation is for service

After the chair has completed the annual evaluation and assigned 0-4 integers for each individual’s teaching, scholarship, and service, percentages are assigned by an algorithm that gives each individual the maximum possible overall average.

This evaluation scheme applies to all BUFMs in the department unless the chair assigns a different weighting to allow for:

1. unique work assignments that differ from those of other BUFMs;
2. discipline pursuant to Article 14 of the Collective Bargaining Agreement; or
3. correction of a pattern of substandard performance extending more than one year.

The peer evaluation report from the Promotion and Tenure Committee is submitted to the chair and a copy is also given to the Bargaining Unit Faculty Member being reviewed. This report will be taken into consideration by the department chair when writing her or his annual evaluation. If a review of these materials indicates there may be major problems in teaching, a class visitation will be arranged by one or more members of the Promotion and Tenure Committee. A report on the class visitation will be reviewed by the Promotion and Tenure Committee and included in its peer evaluation report.
