

3110.4 Transfer Students

Both domestic and international applicants who have completed more than 12 credits of college coursework after completing high school requirements may be eligible to be considered transfer students. ~~Transfer credit regulations are described in policy 3215.~~

[To be considered for admission as a transfer student, students must have completed all requisite undergraduate admissions procedures.](#)

[All transfer students with at least a 2.0 Grade Point Average \(GPA\) are eligible for admission to the university. Direct admission to most colleges and schools requires a higher GPA.](#)

[Those students with less than a 2.0 GPA from colleges attended within the past three years must petition for admission, unless the student participated in one of the partnership programs entered into with local community colleges which allows a shorter time period for those who successfully maintain a 2.25 GPA in at least 18 college-level credits at the community college. Petition forms are available in the Office of Undergraduate Admissions and must be submitted along with the other application's materials.](#)

[Students with less than a 2.0 GPA who have been out of college for more than three years do not have to petition to transfer to WSU. Students who have been dismissed/suspended from another institution will not be considered for admission to WSU for one calendar year from the point of dismissal from that institution.](#)

[The Office of Undergraduate Admissions will notify students of their admission to the University College or the appropriate college.](#)

[Students who have been allowed by another institution to take a course to replace "D" or "F" grades must have earned an additional minimum 12 hours at the same institution before WSU will recognize the recalculated GPA for admission purposes.](#)

[Transfer credit regulations are described in policy 3215.](#)
